From the desk of the Administrator

It's hard to believe that it's April already and spring is just around the corner. We've had a rough winter here at 301, but I believe that we've turned the corner and are looking forward to a great spring. As you probably know by now, we have received our gaming license and are starting to see positive results. A special thanks goes out to my wife Billie for her extra effort and support during the licensing process.

We have a lot of good activities lined up as you will see elsewhere in the newsletter, please do your best to come out and support our officers and volunteers in their efforts to make your lodge a fun place to be. Speaking of volunteers, with the spring and summer coming on, many of our volunteer force will be involved in many other activities that will take away from the time they have to donate. We will need your help in filling these voids, so if you have a few extra hours a week, please consider helping out with our dinners and especially our second Sunday Family Breakfasts. Without additional help, they may not survive the summer months.

Remember our election of officers on April the 21st and come cast your vote and show your support. The installation of the WOTM and LOOM offices will begin at 4:00pm on April the 24th followed by dinner and later with live entertainment, details elsewhere in the bulletin.

For you internet junkies, Norwood 301 now has its very own web presence. I have moved the site from my personal domain to the NEW <http://norwood301.com> location. As with everything else, your input is invited.

Finally, we have a new editor for our newsletter, a big thank you to Bob Goldsmith from Middletown for helping us out.

Fraternally,
Bob Wolf, Administrator

From the Senior Regent

As our year comes to an end I'd like to take a moment to thank everyone that has pitched in and helped with each and every meal, function, party, and meeting. Whether it was bringing a snack to a meeting, or cooking a full dinner for twenty or thirty people, your help is most truly appreciated! Without the support of every volunteer, there wouldn't be any functions at all. It would be impossible to name each and every volunteer, so please realize that there are many people who donate their time, effort, abilities, and talents to make our lodge a success.

I would also like to thank all of my officers, without you, I never would have made it through this year.

I'd like to ask your continued support for the incoming officers as they assume their duties. I know how much I appreciated everyone that pitched in, and I'm sure that our new officers will feel the same way.

Debbie Mounce,
Senior Regent

The new look.

Having recently taken over as your Editor , let me first thank the members who have worked so hard to ensure members had a newsletter. These are members who, undertook this role along with their many other competing roles in the Lodge, Chapter, their families and their work. It is never easy wearing more than one hat and it becomes increasingly more difficult the more hats you wear. So when you see the past editorial staff, take the time to thank them for a job well done.

As a retired person I have fewer demands on my time, although I too wear more than one hat. Members will notice the layout has been changed, I hope you like it. Any newsletter to be effective needs to be more than just a "WHAT'S ON" sheet. I hope to include items which cover the whole range of Moose Happening not just in this Lodge, but all over Moosedom . I am also interested to hear what members want to know about, and would welcome contributions from members. However they need to be in written form as items tend to get lost or forgotten when passed on during conversations. You can contact me on the internet on rgoldsmith@cinci.rr.com or by leaving items with the Administrator or barstaff. Let me know what kind of items you would like to see in the newsletter and if it is possible I will try to include them.

Finally, It is possible my enthusiasm may be greater then my skill so I hope you will tolerate any errors deliberate or otherwise.

Bob Goldsmith.
